Subject: WSHIMA President's Message

Hi all,

As some of you may know, Terry Long, President-Elect submitted her resignation to the WSHIMA Board in March and will not continue in her elected role due to conflicting priorities at this time. I am disappointed that Terry will not be able to fulfill the role of President; however, I certainly understand that situations in life arise that we don't anticipate. Terry did serve on the Board as secretary and then two years in the role of Director. Prior to her role this year as President-elect, Terry was always very dedicated and engaged and I would like to take this opportunity to thank Terry for her participation and contribution to WSHIMA.

As identified in the WSHIMA Operations manual, when the President-Elect resigns,

- (a) In the event of death, incapacity, or resignation of the President-Elect prior to assuming the office of President, the vacancy thus created in the office of President-Elect shall be filled by vote of the Board of Directors.

After much consideration, I informed the Board that I would be willing to continue on as President for the 2011-2012 term. Carol Quinsey graciously agreed to serve in the role of Past-President. Marci Vanderbosch, who is currently the Past-President elected to run for a delegate position for 2011-2012 rather than to continue on in the Past-President role. The Board then voted on two items:

Accept Sheila Green-Shook to continue in the role of President of WSHIMA
 Accept Carol Quinsey to assume the role of Past-President of WSHIMA

The Board unanimously accepted both of us to assume these roles for the 2011-2012 term. This is an exciting time to be an HIM professional and I am honored to continue serving as your President for an additional year. Again, extended thanks and heartfelt appreciation for Carol Quinsey's willingness to serve, once again, as Past-President.

Sheila Green-Shook, MHA, RHIA, CHP
 Director, Health Information Management
 Evergreen Healthcare
