

WSHIMA Corporate Partner Spotlight – iod Incorporated

The membership committee would also like to take this time to thank “iod” for their strong continued partnership & support. iod incorporated is a recognized leader in delivering technology and cost-effective strategies for Health Information Management Departments. The great team at iod has always played a huge part in helping WSHIMA sponsor its Annual Conference. Their continued support of our association has allowed us to offer our members excellent speakers and great gift items for each attendee. Previously iod assisted WSHIMA in hosting the 80th Annual AHIMA conference in Seattle by donating wonderful cozy fleece ID vests for our state volunteers. That was a great idea!! We were quick to spot, making it easier & friendlier for the conventioners to get information. Also let us not forget that iod has continued to donate to one of our most popular & fun activities at the annual conference: the "Wine Tasting Event". This makes it the 3rd year in a row that iod has hosted this fun social activity. This function allows our members a chance to network and just relax after a long day of conference sessions. Thank you iod!!! The Vendor has greatly helped our members to make our Annual Conference a great educational & networking experience. Once again, thank you iod for all your support, and we look forward to our continued partnership in 2011!! In keeping with iod's philosophy...your success is our success....
